Dear Parents,

We are excited that Peet Junior High is able to offer late buses for our students.

Students involved in extracurricular activities, tutorial programs or after school detention will have the opportunity to utilize our late busses.

The following are some important details pertaining to the late bus system. Please read over these new details carefully.

1. Each late bus run will be designated by a color rather than a number. Our three late bus run colors will be red, blue and gold. Therefore, your student will either ride the red, blue or gold late bus.
2. Each red, blue or gold late bus will stop at the same designated stops every single day. This new system resembles more of a "Metro" type of system than our previous late bus system. These satellite stops are **not intended to be within a short walk to each student's home**, but more of a central place where **parents may pick up their children without having to drive all the way to campus**.
3. Your student will be given a standardized late bus pass from their teacher in order to ride the late bus. The teacher will be printing this pass from our View-It system and it will contain all of the information the bus driver will need to drop off your student at the correct location.
4. A student will not be allowed to ride the late bus if they do not have a late bus pass or if it is not signed by a teacher.
5. Also, a student will not be dropped off at any location other than the one that has been assigned to them by View-It which is based on their current address.
6. All satellite stops have been chosen for their safety features (large parking lot for waiting parents, well lit, public place, etc.).
7. These satellite spots are subject to change. If for some reason there is a change you will be notified via phone and/or email.
8. If you would like to view which bus your student will be riding as well as which designated spot they will be dropped off at you can access this information by following these steps:
  - A. Access the Conroe ISD Website by entering the website: [www.conroeisd.net](http://www.conroeisd.net)
  - B. Click on **Departments** located on the left side of the screen.
  - C. Click on **What bus do I ride?** located on the left side of the screen.
  - D. You will type in your address information on the following page

The screenshot shows the "ATTENDANCE ZONE & BUS INFORMATION" page on the Conroe ISD website. At the top left is the Conroe ISD logo with the tagline "Commitment to Excellence". Below the logo are two navigation links: "CISD HOME" and "REGISTER FOR TRANSPORTATION". The page title is "ATTENDANCE ZONE & BUS INFORMATION" and the contact information is "Transportation Department 936-709-7940". The main heading is "SCHOOL & BUS SEARCH". Below this heading is a search instruction: "Enter your address below to determine which Conroe ISD school you attend. For better search results avoid using prefixes or suffixes such as N, S, St, Rd, Blvd etc. For example search N. Windhaven Rd. by using only 'Windhaven' as the street name. A house # must be entered in order to pull up your child's stop information." There is a search form with four input fields: "House #:", "Street Name:", "Zip Code:", and "School Year:". The "School Year" field is a dropdown menu currently set to "Current School Year". There are "Search" and "Clear" buttons to the right of the form. Below the form, a red error message reads: "No results found with that address. Please search again." In the background, a map of the district is visible with various colored zones.

- E. After you type in your address information it will give you the information for your student’s “Metro” Bus Stop. The time isn’t an exact time but an estimate of when your student will be dropped off at that designated location.

9. The following is a list of each late bus (red, blue and gold line) and the stops that they will make in order from first stop to the last stop.
