“Knowledge is power. Information is liberating. Education is the premise of progress, in every society, in every Family.”

Kofi Annan

Life Lesson from A 90 Year-Old

With age often comes reflection and wisdom. As we conclude the year with our last newsletter, these life lessons learned by Regina Brett at age 90 are some great things to keep in mind no matter your age.

1. Life isn't fair, but it's good.
2. When in doubt, take the next small step.
3. Life is too short—enjoy it!
4. Your job won't take care of you when you are sick. Your friends and family will.
5. Pay off your credit cards every month.
6. Cry with someone. It's more healing than crying alone.
7. Save for retirement starting with your first paycheck.
8. When it comes to chocolate, resistance is futile.
9. Make peace with your past so that it does not mess up your future.
10. Don't compare your life to others. You have no idea what their journey is all about.
11. Take a deep breath. It calms the mind.
12. It's never too late to be happy. But, it's up to you and no one else.
13. When it comes to going after what you love in life, do not take no for an answer.
14. Burn the candles, use the nice sheets, wear the fancy lingerie. Don't save it for a special occasion. Today is special.
15. Frame every so-called disaster with these words 'In five years, will this matter?'
16. Time heals almost everything. Give time, time.
17. Don't take yourself so seriously. No one else does.
18. All that matters in the end is that you loved.
19. Get outside every day. Miracles are waiting everywhere.
20. If we all threw our problems in a pile and saw everyone else's, we'd grab ours back.
21. The best is yet to come.
22. No matter how you feel, get up, dress up, and show up.
23. Life is not tied with a bow, but it's still a gift.

Counselors' Corner

Nurse's Notes

Immunizations

The following are **immunization requirements** you need to be aware of in order to enter 7th grade this fall:

Tdap (Tetanus-diphtheria-pertussis)

One dose is required instead of the 10-year booster. If your child has had a tetanus-containing vaccine in the past 5 years, the Tdap will not be required until after the 5 years have passed.

Meningococcal (MCV4)

One dose is required to protect from meningococcal meningitis.

Students who do not show proof of having received these immunizations will not be allowed to pick up their schedules during Peet Cub Express Night in August.

Please make an appointment with your doctor or clinic to schedule the above immunizations as soon as possible. Low cost immunizations are in limited supply and are offered at the following clinics:

Express Family Clinic

(936) 463-8104

Community Wellness

(936) 760-2784

Lone Star Family Health Center

(936) 539-4004

Forest Health Clinic

(936) 242-1627

MCHD- Public Health

(936) 523-5020

Nurse's Notes (continued)

Medication

Medication that was brought to the clinic during the school year will need to be picked up by a parent/guardian. **Medication will not be sent home with students, so please make arrangements for pick up.** Any medication not picked up by June 2, 2017 will be discarded. Please call the clinic at (936) 709-3830 if you have any additional questions or concerns.

Wishing you and your families a safe and healthy summer!
